

Oliver Cheruiyot

Software Developer

+254 724730029 | [Email](#) | [Linkedin](#) | [Github](#) | Kenya

SUMMARY

Junior Software Developer with a strong foundation in full-stack development and a certification in AI for Software Engineering. I focus on building clean, user-focused applications using React and Python. Passionate about shipping real products that support MSMEs and communities across Africa.

SKILLS

- **Frontend:** React.js, Angular.js, HTML5, CSS3.
- **Backend:** Python (Flask), RESTful APIs.
- **AI & Databases:** AI Integration in SE, PostgreSQL, MySQL.
- **Tools:** Git, VS Code, Agile Methodologies.

Projects

Study Buddy – [[Live Demo](#) / [Github link](#)]

A minimalist React app where users create profiles, form study groups, and manage study sessions. Demonstrates components, state management, and routing with React Router.

Blogspace – [[Live Demo](#) / [Github link](#)]

A full-stack blog app using React (frontend) and Flask (backend). Users can register, create posts, view others' posts, and comment. Highlights RESTful APIs and authentication.

EXPERIENCE

Attachee | Ministry of Roads, Kericho County

 Kericho |  May 2021 – Sep 2021

- Assisted in data collection, site measurements, and project documentation.
- Used AutoCAD and Excel for drafting and data analysis.
- Supported technical troubleshooting and workflow improvements.
- Strengthened communication and time management in a professional setting.

Key Accomplishment:

- Worked with HR to support road contract tenders and openings, ensuring compliance and staffing readiness.

Group Project – STEMLearn (School Project) - [[Live Demo](#) / [Github link](#)]

 Nairobi |  Feb 2025 – Mar 2025

- Developed a free STEM learning platform using React and Flask.
- Implemented user roles, quizzes, progress tracking, and certificates.
- Improved the UI and accessibility for student users.
- Collaborated in a small team using Git and Agile practices.

Key Accomplishments:

- Set up secure user authentication with role-based access.

- Built quiz and progress tracking features.
- Helped manage course and lesson structure.
- Improved UI for better user experience

EDUCATION

Moringa School — *Software Development*

Sep 2024 – Mar 2025 | *Graduated*

Kiambu National Polytechnic — *Diploma in Civil Engineering*

Expected 2025
